

Duo Advanced

An excellent 2-section treatment couch, with an emphasis on treatment in a seated position. Also particularly suitable as a robust base for general examination of flexion and extension functions.

- 2-section support surface, with an extra long head section.
- The head section is large enough to support head and shoulders efficiently.
- The ergonomically designed facial opening makes it comfortable when lying in ventral position.
- The head section is supported by two pneumatic gas springs: maximum stability, GSP-worthy.

Standard features

- Central wheel-lifting mechanism with 4 casters.
- All sections gas spring supported.
- Gymna Stability Profile (GSP).
- Non slip feet.
- Cushions with padding of 40 mm.
- Breathing hole head section, incl. cushion.
- Cushions in a choice of 8 colours.
- Prepared for hip traction support.

Specifications

Length x width	: ± 202 x 67cm
