

## RHS 201 // NEUTRAL DETERGENT WIPES

Reynard Neutral Detergent Wipes contain a neutral detergent that is ideal for surface cleaning; they are also extremely gentle to the hands, being developed with ingredients frequently found in personal care wipes. Used widely where harsh chemicals need to be avoided; the wipes are presented in a flip-top lid pack to prevent drying out.

Neutral Detergents can be used alone or as a 'pre-step' to disinfecting; they remove dirt and debris from surfaces or skin without irritating the hands or having an adverse effect on surfaces or equipment.

Directions: Use the required number of wipes to clean the skin or surface. Dispose of used wipes properly; do not flush.

50 wipes per pack

12 packs per carton

Features	Benefits
<ul style="list-style-type: none"><li>• High Quality cloth and larger than competitors</li><li>• Low foaming, non ionic surfactant</li><li>• Large amount of moisture</li><li>• Fragrance Free</li><li>• Low foaming, non ionic surfactant</li><li>• Large amount of moisture</li><li>• TGA listed ARTG No. 163523</li></ul>	<ul style="list-style-type: none"><li>• Holds more moisture therefore use less wipes</li><li>• Rinse Free; good for areas where there is limited access to water</li><li>• Water saving</li><li>• Ensures correct concentration of neutral detergent and water is used</li><li>• Saves time using water or sprays</li><li>• Don't have to dispense and mix chemicals</li><li>• Don't have to worry about bulk chemical storage</li></ul>

### Applications

- ✓ Hospitals
- ✓ Aged Care
- ✓ Disability care
- ✓ Hospitality
